Gardner Determined to Knock Hopkins out-An Exciting Preliminary Scheduled-The New Metropolitan's First Card.

The Metropolitan Athletic Club, which was recently transferred from the control of its incorporators to Oscar Gardner and William Winder, will make its rattling good entertainment is promised. Despite the street car strike, a large crowd is looked for. Pittsburgh, Steubenville and other towns will send big delegations, and wagons are expected to accommodate the natives of Benwood, Martin's Ferry and neighboring ham-

lets.

Joe Hopkins arrived in town yesterday, looking fine. In this respect he has the advantage of Gardner, who will enter the ring with a bad eye, hurt first by Martin Flaherty's butting, and before the cut had healed, Billy O'Donnel's foulling opened the wound afrest, Gardner's friends assert that Oscar is determined to put Hopkins to sleep to-night, if possible. In their two previous battles Oscar got the decision, but couldn't finish Hopkins, who is a fine specimen of muscular development. A hot bout is assured, and the men will likely mix it from the start.

The preliminary will be for ten rounds if it rose the limit, between

The preliminary will be for ten rounds, if it goes the limit, between Eddie Gardner, of this city, and Ed. Henderson, of Steubenville. Henderson is no amateur, and he expects at least to get a draw. The preliminary will start at \$139 o'clock, the main event right afterwards. Jack McClelland, of Pittsburgh, will officiate as referee.

LONDON, April 17.—At the National Sporting Club to-night in a glove contest for the bantam weight championship between Pediar Palmer, of England, and William Rotchford, of Chicago, for a stake of 200 pounds a side and a purse of 600 pounds, Rotchford was disqualified in the third round for hitting low. The men weighed in at 115 pounds each, though Rotchford is two inches taller than Palmer. The fighting was spirited, but Rotchford was repeatedly cautioned against holding and hitting low. In the third round, after fighting about a minute Rotchford delivered a blow much lower than before and Palmer fell heavily in great pain. Loud cries of disapproval were raised and the referee disqualified Rotchford. The betting was 100 to 40 on Palmer. test for the bantam weight champion-

The score was 12 to 2. The play-ing of the Pennsylvanias was a farce, as they had alueteen errors. Kalloch, however, pitched a very good game. BOWLING.

MORRISON IN "FAUST."

It is becoming very evident to all those who watch the internal developnent in theatrical events, that the tendency of the average actor is towards the so-called new school of drama, The the so-called new school of drama. The classical, the unysterious and problematic creations of the past are gradually being relegated to obscurity, while the lighter-and more frivolous productions are rapidly advancing in the claim for public favor. This is to be regretted. Yet the faith of all lovers of the classic drama, is pinned, to Lewis Morrison, who stands to-day as nestor to all that is intellectual and elevating in dramatic art. So much so, that this season he aunounces his farewell tour of "Fatist," appearing for the last time as Mephisto. Realizing the responsibility that rests upon him for the future, he discards "Faust" reluctantly, to enter the wide field of classic repertoire, Mr. Morrison in "Faust," will appear at the Opera House next Monday, April 24.

Opera House next Monday, April 24. "O'HOOLIGAN'S WEDDING."

The very title of this farce, which opened an engagement of a half week t the Grand Opera House last night, is suggestive of frivolity and fun, and none in the audience which attended with the expectation of laughing, were disappointed. Heading the cast is disappointed. Heading the cast is Harry West, the inimitable German comedian, with Billy Barry, ir., as "O'Hooligan." When typical representatives from the Rhine and County Cork meet, there is usually fun, and that is exactly what happens, preceding and during "O'Hooligan's Wedding." The specialties are introduced in every act, and by every member of the company, and they are all of a very pleasing order. "O'Hooligan's Wedding" will be repeated to-night, and deserves the patronage of all who enjoy wholethe patronage of all who enjoy wholesome fun.

Suppress Alumned Food.

Suppress Alumned Food.

The doctors inform us that alum is a polson, and that alum baking powders should be avoided because they make the food unwholesome. Prominent hygienists, who have given the matter most study, regard these powders as anjevil that should be suppressed by state action. In Minnesota and Wisconstal alum powders are not permitted to be sold unless they are branded to warn consumers of their true character, while in the District of Columbia the authorities have under the direction of Congress adopted regulations to prohibit the use of alum in bread altogether.

Are not the people of other states, as well as those of Minnesota and Wisconsin, entitled to warning of a danger which is apparently menacing them at close hand, and is not the whole country entitled to absolute protection, as the people of the District of Columbia are protected, by legislation which is entirely prohibitive?

Until we can have protection in the form of a statute, how can our state boards of health, state analysis or food commissions better serve the public than by publishing in the newspapers from time to time the names of the baking powders which they find to be made from alum?

Meantime, it will aid the housewife in designating the alum powders to re-

made from alum?

Meantime, it will aid the housewife in designating the alum powders to remember that all powders sold at 25 cents or less per pound are of this dangerously class. Pure cream of tartar powders are usually sold at from 45 to 50 cents a naund o cents a pound.

I had such a constant, dull aching and weakness across my loins that when I was down I could hardly get up, and often when working, my back would feel so weak that I would be obliged to rest it by often changing position. My nervous system became affected and very frequently, especially if I exerted myself, I would have a fluttering around the heart. Tired and depressed and without my accustomed energy, I was in fact generally run down, but Doan's Kidney Pills removed my trouble and in recommending them to others, I do so, firmly believing they will get the in recommending them to others, I do so, firmly believing they will get the

time by the application of a few buckets of water. The fire department was not called out. About a half-hour later another small blaze was discovered in the side of the paint shop of Allen McKee in the alley between Fourth and Fifth streets. On this occasion the department was summoned to box No. 25, but its assistance was unnecessary, the fire being extinguished in the same manner as was the first. At the corner of the shop where the firs had started a can which had contained oil, which was also poured upon the building, was found, and there is no doubt as to the origin of each of the blazes. A small boy was seen running from the rear of Barrett's store shortly before the fire was discovered and it is generally supposed that his hand was connected with each of the fruitless attempts.

ENDED IN ARREST.

John Beck and John Duncan became engaged in a quarrel last evening, in Keller & McGrail's saloon, on First Keller & McGrall's saloon, on First street. After a lively debate as to which of the two was entitled to pugilistic honors, they decided to repair to the back yard, where the event could be pulled off under Queensberry rules. The event, while interesting for a few minutes, was abruptly ended in the second round, by a swift uppercut administered upon Duncan's cranium. The officials were soon notified and the contestants were arrested. They gave security for their appearance and were released last night.
